WONDERS.

Four Which Are Most Certainly Amazing.

Something Which Has Set a Great Many Tongues Talking

And Will Greatly Please and Particularly Interest You.

Wonders will never cease. The writer having had four of these wonders come under his personal knowledge, deems them of enough importance to be placed before the readers of this paper.

So many people know David Noyes of Manchester, N. J., that his own words will be strongest: "I suffered from heart disease for six years," he said, "and for the past two years was unable to do any work whatever. I was told by my physician that I never could get well. I was also paralyzed on the right side, from the hip down; and suffered severely with lumbago, and a trembling of the hands. I am now taking the seventh bottle of Dr. Greene's Nervura blood and nerve remedy, and feel entirely cured of all these troubles, and feel like a well man. It is the greatest medicine ever made, and all my friends are amazed at the cure."

The second wonder, Mr. Michael Crowley of 74 Laight street, New York city, will tell in his own way: "I was suffering from inflammatory rheumatism, and could not eat or sleep, and doctors' prescriptions had no effect to relieve me. After taking two bottles of Dr. Greene's Nervura blood and nerve remedy, I can eat and sleep well, and I think it has saved my life. I am getting better every day. One week ago I could not walk, now I can walk a mile. It is a wonderful medicine."

The third wonder, S. A. Dvart of Northdale, N. B., will tell himself: "For the benefit of those who may be suffering and fail to find relief, I desire to state my case. For over a year I suffered from a heart disease, a constant pain, with severe attacks of palpitation, until I anticipated a sudden death at any time. I became weak and debilitated, with a loss of energy, despondency, etc. Hearing Dr. Greene lecture, he so faithfully described my condition that I determined to try Dr. Greene's Nervura blood and nerve remedy. My improvement has been continuous and rapid. I have taken five bottles, and the pain and palpitation are gone. I sleep well, have an excellent appetite, and feel well."

The fourth wonder is presented by Mrs. F. G. Hicks of 32 Avenue A, York park, Rochester, N. Y. She says: "I give this testimonial for the benefit of others. I had given up all hope of being cured, had doctored and tried everything. My trouble was neuralgia of the stomach. Dr. Greene's Nervura blood and nerve remedy was recommended to me. I took six bottles of it. It perfectly cured me, and I earnestly recommend it to all."

Now, when it is considered that this remarkable medicine is purely vegetable and harmless, and for sale by all druggists at \$1.00, it seems strange that so many people should unnecessarily suffer from the pains and weakness of disease when this sure and positive cure is within the reach of all.

It is the discovery and prescription of the eminent physician, Dr. Greene, of 35 West Fourteenth street, New York, who is without doubt the most successful specialist in curing nervous and chronic complaints. He can be consulted free, personally or by letter.

Surety on Bonds.
The American Surety company of New York has established an agency in this city, in charge of their local attorney Harry D. Jewell of the law firm of Hatch & Jewell. It is the only company incorporated in the United States for that purpose exclusively. The superiority of corporate suretyship over that of individuals has become so manifest that the company has grown rapidly since its formation, and is now the largest of any similar organization, having a capital stock of \$1,000,000. By special acts of the legislature of Michigan, the company has been authorized to do business, and is accepted as sole surety upon all undertakings required and in the courts of those states. Art Exhibit Leaving.

Mrs. P. C. Taber's art exhibit will close very soon and her pictures will return to her studio in New York and be realized here and there in other exhibits. Those who fail to see them do not know what they miss. There is no better education in art than to study fine pictures. Certainly Mrs. Taber's pictures are very fine and those who have never visited Europe have now an opportunity of seeing a facsimile of seven of the handsomest pictures in the Louvre and Luxembourg, and many of the finest critics in Europe and America have pronounced them very fine copies which Mrs. Taber copied while in Paris. She has 12 water colors painted in Rome and Paris by famous artists and five by German artists also a large collection of her fruit and flowers that are unsurpassed in America. Don't fail to see them as the exhibit is worth many times the admission fee which is 25 cents.
